A 2km	Starts	11:00 – 13:00
B 2km	Courses Close	15:00

(subject to final planning and controlling)

Plymouth University city centre campus plays host to some 18,000 students, it has been developed extensively over the last 10 years, and makes an ideal venue for urban orienteering for both newcomers and those more experienced runners. In the event centre there will be an area to leave your belongings whilst racing and access to toilets which can be used to change in if required. Student Union Bar and Shop will open for post-race refreshments. The event is almost entirely on hard surfaces so we insist on no metal studded footwear. There is one road through the campus north to south it is little used but please take care when crossing. The map is 1:4000 sprint orienteering map drawn for this event by Jamie Hayward (PUOC) and Erik Peckett (Devon/Kerno)

Experienced orienteers will be on hand to guide newcomers to the sport through the entry process, explain the map, talk you through a sample event in the event centre and generally answer any orienteering related questions. Please do not be afraid to ask.

You must return to the event centre and sign in even if you do not finish your course.

Travel Directions. There is no parking available on campus during this event. The university is situated on the northern edge of Plymouth city centre. There are a number of parking options in the city centre but remember these are likely to be busy so close to the festive season. On street parking is limited in the area around the campus.

Park and Ride: There are two Park and Ride options available. The north of the city is served by PR1 from the George Junction and from the east of the city by PR2 from Coypool. Both offer a 15 mins service or better throughout the day. Please see the final details [map](#) for details of drop off points, both of which are less than a 5 minute walk away. Please note that Plymouth Argyle are playing at home so the Central Park park and ride will not be operating.

Train: Plymouth is well served by rail services from both the west and east of the city, and the station is an easy 6/7 mins walk from the event centre.
